Applicant's canceling of claim 2 in the amendment/response submitted on 12/14/05 is acknowledged.

Reason for Allowance

Claims 1 and 3-22 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Oki et al. (US 20020159724).

Claims 1 and 3-22 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a first light source for said first imaging direction and a second light source for said second imaging direction; and light from said first source traverses a first optical path and light from said second source traverses a second optical path, each of said optical paths being multiply folded and comprising optical elements located above and below said fiber plane and said first and second optical paths lie in a plane perpendicular to said common fiber axis in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
